CATHCART ASKS FOR CONVICTION

The Fushino-Kawakami Case Now In Jury's Hands

In an address to the jury that was characterized by Judge De Bolt as being one of the most eloquent that he had heard in his court City and County Attorney Cathcart this morning appealed for a verdict of conviction in the case of the Territory against Fushino and Kawakami, charged with illegal imprisonment. Cathcart's address was a masterly summary of the material facts of the case and went logically forward to the conclusion that the evidence presented was ample to warrant a conviction of the defendants. He declared that the defendants virtually set up a tribunal of their own before which they proposed to bring all Japanese who did not obey the mandates of the now defunct Higher Wage Association.

Attorney Prosser made the opening argument for the prosecution and was followed by Lightfoot for the defense, who tried to ridicule the charge and the evidence adduced by the prosecution.

The jury went out at 11 o'clock, but as no verdict was reached by noon they were taken to lunch in charge of a bailiff.

TRIAL OF MORI IS ON TOMORROW

Prosser and Cathcart Prevent Delay Of Case

The attorneys for Mori, the Japanese high wage delegate who attempted to assassinate Sheba, failed in Judge De Bolt's court this morning to secure a continuance of the case and the trial will begin tomorrow morning, when a start will be made in securing a jury.

Attorneys E. A. Douthitt and Lightfoot asked for a continuance on the ground that James Coke, who is to be identified with the defense, would not be over from Maui until Thursday. The request for a continuance was vigorously opposed by Attorney Prosser and City and County Attorney Cathcart. Mr. Prosser argued that he had made every preparation for the trial of the case and that as he was forced to leave for Maui on Tuesday next it would be an injustice to postpone the case. Prosser's argument finally convinced the court that the presence of Coke was not essential to the securing of a jury and accordingly the trial will proceed tomorrow morning.

GUN MAN NEARLY CAUGHT BY LEAL

Chief Leal got word this morning that a Chinese answering to the description of Lieh Chong, the man who shot and wounded a countryman a couple of weeks ago, was in hiding out Makiki way.

The officers, who were disguised, hurried out to the house that had been mentioned, but the bird had in some way taken alarm and had flown when the detectives arrived.

The chief, however, is confident that the wanted man will be captured before many more days have passed, and as he is still on Oahu he will not have any chance of getting away to the other islands.

RETURN MATCH

It will be heard with pleasure that McLoughlin and Long, the mainline tennis players, will stop over here for a while on their return voyage to the coast.

Arrangements have been made that the two experts, who leave Australia on November 22, stop off in Honolulu and play a series of matches against the local men. The Honolulu champions will practice hard during the next few weeks and will be in fine form when they meet the stars for the second time.

LONELY FISHERMAN DIES.

David Lohe, a lonely fisherman who has been deriving a precarious living on Sand Island, was found dead this morning by M. Zabian, who happened to be a visitor there. Lohe was quite a well known character around Honolulu. He was about fifty years old. Yesterday the man was much under the influence of liquor. Alcoholism and tuberculosis is assigned as the cause of death. No inquest will be held.

County Engineer Gere makes the request that all automobile owners and drivers of other vehicles discontinue running over the mill section of the Waialua road, as his department is working on that part, and getting ready to macadamize it. The road is now closed to the public for several days.

RECREATIONS

ARMSTRONG AND VERNE, FUN MAKERS.

There is to be another good show at the Opera House tomorrow night, something in high class progressive vaudeville and something by the way that the people of Honolulu have not had an opportunity to see. The Armstrong and Verne Co., en route to Australia after a highly successful tour of the United States, have been prevailed upon to stop here and give three performances beginning tomorrow night. The second will be on Thursday and the last on Saturday night. The program will be composed of acts and olio, a farce for the opening card then olio and at the close another farce.

THE PARK THEATER.

A series of pictures dealing with the revolutionary war will be shown at the Park Theater tonight under the title the Press Gang. It shows three British soldiers captured by American troops with the aid of a young woman. After this and another bunch of very interesting pictures are shown the Melotte sisters will do one of their really clever turns and please the audience with their songs. Faded Flowers, another entertaining picture, is one of those double printing affairs that confuses all but those who know how it is done. The subject is a young couple about to be married and who receives presents from a grandmother who removes them from a mysterious casket. It is a good story nicely pictured. The attendance at the Park last week was a record one.

AT THE RINK.

The exhibition skating of Miss Wiener at the skating rink last night was received with applause by several hundred spectators. The perfect ease and gracefulness of Miss Wiener excites the wonder of even the skater of considerable experience. To those who have never skated her exhibition is of great interest as she skates figures that are difficult for dancers.

THE WAVERLEY DANCE.

The dances at the Waverley are particularly pleasant on account of

BIRTHDAY LUAU

Yesterday afternoon Mr. and Mrs. W. H. Crawford entertained about 250 of their friends at a splendid luau. The grounds at the Crawford home on Liliha street were turned into a huge tent for the time being, and the tables were all set therein.

Every delicacy that could be thought of was in evidence and both Hawaiian and Chinese dishes were set before the guests. Many prominent Honolulu people were present and two quintet clubs played during the afternoon and evening.

Several hulas were danced and were much appreciated by the guests. Mr. Crawford and his wife were the soul of hospitality, and they were assisted by a corps of young ladies. The Misses McCarthy were the life of the entertainment and had a pleasant smile and word for everybody.

A. M. Brown proposed the health of the hosts in a few well-chosen words, and the guests drank the toast enthusiastically. After the luau proper was over, the rest of the evening was occupied in singing and dancing. Everybody dropped in to see the new arrival in the Crawford family before departing, and the lady's health was honored many times.

CUSTOMS MEN SEE HALEY'S COMET.

Haley's famous comet is due to make its regular appearance in the heavens and the first to sight the celestial wanderer in its well ordered flight are a couple of members of the night staff at the customs house.

Haley's comet, it is said, can be plainly seen through an ordinary marine glass or a small telescope. The comet is driving through space near the constellation of Orion.

SAILING TODAY

Stor. J. A. Cummins, for Oahu ports, a. m.

The motion of E. C. Peters, attorney for Manoel Lado, to quash and vacate the proceedings under the divorce complaint of Mary G. Lado, was dismissed by Judge Robinson this morning, Lado not being represented in court.

Something We Would Like Every Man to Know

WE want to tell you today what we mean by our guarantee of satisfaction or money back. Suppose you buy a Suit of the "KASH" and after a week, or a month, or three months you find it doesn't give you the proper satisfaction BRING IT BACK--- WE WANT THAT SUIT not only to right the wrong in your case, but to prevent its occurrence in others.

If there is a flaw in our clothing we want to know it. We are as anxious as you are that your suit wears properly. If a garment goes wrong we don't thank you for not saying anything about it. We INSIST on every suit proving satisfactory. Even if we do sell for less than the other stores our merchandise must invariably prove as good as the best.

KAIMUKI

Location and Elevation A SELECT RESIDENTIAL DISTRICT

KAIMUKI IS A HIGH VALLEY ON THE SEASIDE, LOCATED BETWEEN DIAMOND HEAD AND THE WAIMANALO MOUNTAINS. It has an elevation of about two hundred feet and commands a magnificent ocean view with the most picturesque mountain scenery on the island. It is the passage for the never-failing breeze from around Koko Head, which at this high elevation is cool, dry and sweeping and far more healthful than the damp clouded valleys and other lower parts of the city. The beautiful Kapiolani Park, the Waikiki beach, the Moana and Seaside Hotels and a number of elegant homes and magnificent estates, some valued as high as \$250,000.00, are all located in this part of the city and only a short distance from Kaimuki. Kaimuki itself has over one hundred and sixty beautiful homes and several miles of macadamized streets. As this company controls the entire Waialae side, excepting eight blocks, of this magnificent residential property, we expect to make it the select residential district of the city. No objectionable buildings will be erected and no undesirable people will live in this district. It will be modernly improved and every effort made to maintain the highest standard of residential property.

Our prices, \$500.00 for corner lots and \$400.00 for inside lots, are exceptionally low compared with the future value of this property. You cannot possibly make a better investment for either profit or homesite than the purchase of one or more of these lots.

Kaimuki Land Co., Ltd.,

Rooms 37 and 38 Young Building

Honolulu

WATERFRONT NOTES

THREE 14-INCH guns of the jacketed type are well under way, says the Army and Navy Register. These five guns will all be mounted on disappearing carriages. One of them will be retained at Sandy Hook as a type, two will be mounted at Honolulu and two at Manila. The last four of these guns to be authorized are now having their forgings made, and it will be some time before they are completed. They will be of the wire-wound type and will be mounted in turrets in the defenses of Manila.

THREE WINDJAMMERS, the bark Andrew Welch, Anne Johnson, and the barkentine S. G. Wilder, are reported from San Francisco as indulging in a spirited race down to the Hawaiian Islands. The Anne Johnson's destination is Hilo, while the other vessels are making for Honolulu. They bring cargoes of fertilizer, lumber and general.

THE U. S. A. T. LOGAN sailing from Manila on October 15th is bringing the 8th Infantry which for the past two years has been stationed at Camp Keith, Mindanao. On proceeding to the Philippines on her last voyage the Logan was diverted from Manila and sailed direct for the Mindanao army post.

FOUR MILLION Manila cigars are a part of the general cargo that is being transported from the Far East to San Francisco by the Pacific Mail liner Siberia. This vessel is due to arrive at Honolulu on October 21 and it is understood that a shipment of the Philippine smokes will be left at this port.

THE C. A. S. S. Aorangi, arriving from Victoria on Saturday afternoon, experienced moderate weather on the way down to the Hawaiian Islands. The vessel was dispatched at midnight for the Colonies. There was a large list of through passengers for Australia.

THE SCHOONER Borealis was still discharging lumber at Hilo when the steamer Mauna Kea sailed from that port for Honolulu. It was expected that the cargo would be out of the Borealis today at the rate that the work was then proceeding.

AMONG THE VESSELS clearing from Eureka is reported the American schooner Oceania, which sailed from that port on October 16th destined for

Hilo. The vessel brings lumber for the Hawaii port.

THIRTY HEAD of cattle from Mokoko ranches have arrived at the port by the steamer Mikahala. The vessel was a Sunday arrival and brought general lines of cargo.

THE ARRIVAL of the German cruiser Arcena at San Francisco from Honolulu is reported on October 18th. The vessel sailed from here on October 7.

THE AMERICAN schooner J. B. Bruce, which sailed from Mahukona some weeks ago, is reported to have arrived at San Francisco on October 16th.

IN STOCK MARKET

Stocks began to show a little more life this morning, although the quotations are still considerably more depressed than one might reasonably expect with sugar at 4.25. Hawaiian Commercial sold as low as \$3.75 between boards and Pioneer at 181.25. Kahuku came out at 39.12 1/2 and Koloa at 147.50. On the board this morning Oahu strengthened by holding to 31.75; a small lot of Waialua went at 117; Honokaa held strong at 18.50; Oahu sold at 5, and an odd lot of McBryde went through at 3.87 1/2. Selling orders still prevail and quite a number of the buyers are waiting until the fall pressure of the selling is felt and stocks have gone to bed rock, when they will quietly pick up all the shares in the cheap stocks and the dividend stocks they can get.

ADDRESS ON COTTON.

The regular bi-monthly meeting of the Honolulu Chamber of Commerce will be held at their rooms in the Stangenwald building at 3 p. m. on Wednesday, October 20. E. V. Wilcox will make a special address on "Cotton."

FOR SALE

\$1,125—Three bed-room house and lot 50x80 on Buckle Lane, near St. Louis College.

\$500—Four room cottage and lot on Buckle Lane.

Both houses were built during the last year and are exceptional bargains.
